## FOR IMMEDIATE RELEASE

### **TELESIS TECHNOLOGIES, INC. APPOINTS INDUSTRY-LEADING DISTRIBUTORS IN TAIWAN AND KOREA FOR ITS PINSTAMP®, SCRIBE AND LASER PRODUCT LINES**

**Fremont, CA – September 10, 2012** -- Telesis Technologies, Inc., a world leader in manufacturing standard and customized marking & engraving equipment systems, announces the appointment of industry-leading distributors in Korea and Taiwan to widen its distribution network and continues to accelerate its growth.

Telesis Technologies, Inc. has appointed Sun Lynn Trading Company, Ltd. for Taiwan and IMS Korea Company, Ltd. for Korea. These deeply experienced distributors have a long successful track record delivering permanent marking and engraving solutions to major industrial customers in their respective regions.

Dr. Steve Sheng, President of Telesis Technologies, Inc., stated, “Sun Lynn Trading and IMS Korea, both new members of the Telesis global channel network, have a long, successful and proven history working with industrial customers providing them with solution specific products for their marking and engraving needs. We are very pleased to be working with them to serve the associated fast growing markets in Asia”.

Telesis Technologies, Inc. is a world leader in manufacturing standard and customized permanent parts marking equipment and systems—including gas, solid state and fiber laser, mechanical PinStamp®, BenchMark® dot-peen systems and TeleScribe® scribe marking systems. Since 1971, Telesis has provided durable and accurate parts marking capabilities to companies the world over, from small shops to Fortune 100 manufacturing firms and governmental organizations. Telesis continues to be the most trusted brand in the parts-marking industry for over four decades. For more information on Telesis Technologies Inc., visit our web site at [www.telesis.com](http://www.telesis.com) and see us at IMTS2012, booth N6163 in Chicago, Illinois, September 10-15 2012.
