Telesis Names New Manufacturer's Representatives to Serve North and South Carolina

Circleville, OH (January 01, 2011) – Telesis Technologies Incorporated (www.telesis.com), the leader in Product Identification and Processing Technologies has announced its appointment of Piedmont Technical Sales (www.automationreps.com) to represent Telesis core markets in both North and South Carolina.

"We very excited to welcome Piedmont Technical Sales to the Telesis outside sales and customer support team. With over twenty five years in the Industrial markets, their highly trained and technical sales force will enable Telesis to offer local sales support and valuable product assistance to our customers across the territory," said Telesis Business Development Sales Manager, Ralph Villiotti. Located in Charlotte, PTS has a successful track record of growing sales with strong customer support along with high quality and compatible products. The addition of the Piedmont Team to the Telesis sales network is another critical step in the strong customer focus strategy that is the pride of the Telesis organization.
